SoftKIT™

SoftKIT™ is a comfortable and flexible padding system designed for ToeOFF® and BlueROCKER® models. Pressure on the tibial crest can easily be relieved by positioning the neoprene pads between the orthosis and the padding.
The kit includes pre-cut pressure-sensitive MikroFIX tabs to easily affix the pad to ToeOFF® or BlueROCKER®. An extra pad is included, so one can be worn while the other is laundered.

Item No.	Model	Size	Color
283900010	Interface for ToeOFF & BlueROCKER	X-Small	Black
